

Raffle Level Charity

(Piggest Raffle Ever)

This level of charity participation is probably the easiest manner of involvement but requires the charity to **promote their participation continually and consistently** in the Piggest Raffle Ever. Charities wishing to participate in the Piggest Raffle Ever must fill out and send in a form. The Pig Staff will then post the charity's name in a drop-down menu at the secure website <https://piggestraffleever.com>.

The charity must then promote the website and ask their constituents to go there and buy raffle tickets on their behalf. Raffle tickets cost \$5 each and 100% of that money goes in the form of a donation back to the charity and the person buying the raffle tickets has a chance to win some fabulous prizes! Other options for selling tickets are also available. Charities may also sell paper tickets or eTickets from a mobile device. Please contact Charity Coordinator, Joel Barnhill (joel@flyingpigmarathon.com), if interested in one of these two options.
